The Communication addressed to the Baroda Durbar is on the lines of that addressed to Hyderabad & Kashmir specifically requesting them to issue necessary notification. Perhaps the circumstances of Baroda require such a notification.

Confidential.

No. 12482 of 1931.

To

The Minister of the Baroda State,

Baroda.

Dated Baroda, the 24th July 1931.

National Status of British protected persons and their descendants in Persia.

....

Sir,

I am directed to address the Baroda Government regarding the national status of descendants of British protected persons born in Persia.

2. From a perusal of the Persian Law of Nationality promulgated on the 7th September 1929 (copy enclosed) it will be observed that in order to secure the right to receive British protection in Persia to descendants born in Persia of an emigrant from a place, the nationals of which are British - protected persons, two conditions must be fulfilled. It is necessary that there should be a nationality Law for that place which provides :-

1) that descendants born abroad of a subject migrating from that place possess the status of a subject of that place for the requisite number of generations: Vide Article II of the Persian Law of Nationality; and

(2) that children born in that place to Persian fathers have the right of renouncing the nationality of that place on attaining the age of 18 years. Vide Article III of the Persian Law of Nationality.

3.

3. The Government of India consider that it will be sufficient if necessary measures are taken to secure to emi emigrants the right to receive British protection in Persia. I amto request that the Baroda Government may kindly issue a notification introducing a Nationality Law, or amending any existing Law, in order to provide that :-

(a) descendants of Baroda emigrants born abroad are considered to be Baroda nationals for two generations; and

(b) descendants of foreigners born in the Baroda State have the right of retaining t h e nationality of their country of origin (and incidentally of renouncing Baroda nationality) on reaching the age of 18 years.

A Law of this description would, the Government of India are advised, be adequate for the purpose intended.

4. As under Article I of the Supplementary Persian Nationality Law passed on the 21st October 1930 (copy forwarded herewith) it will be necessary for Baroda ~~descend~~ ~~dants~~ emigrants, if they are to retain to British protection, to furnish certificates by the 21st October 1931, to the Persian Minister for Foreign Affairs, to the effect that they are recognised as nationals of their place of origin, I am to request tha the Baroda Government may kindly issue, as soon as possible, the notification referred to above.

I have etc.,

My dear Ranadive,

With reference to your D.O.No. E.M.G.-15/87/P dated 3rd May 1932, re: the National status of British Protected persons and their descendants in Persia, I write to state that ~~what was received by the Mysore Government on this subject was~~ we only received a copy of the Government of India's letter addressed to the Residents at Hyderabad and Kashmir, ~~and the Mysore Government was requested to~~ with a request to take such action as was considered necessary. As there ~~were~~ is practically no ~~instances of any~~ emigration from Mysore into Persia, ~~and there was no demand for the provision as indicated in the Residency letter,~~ the Mysore Govt thought it unnecessary to take any action on the matter & no ~~action was considered necessary and no notification was issued.~~ On our part.

Yours sincerely,
